

Rotating CCT Scene Remote

This compact remote uses 2.4GHz wireless technology with a 30m range to control brightness and color temperature. It supports four scene presets, simultaneous device control, a rotating dial for adjustments, and magnetic mounting. Available in black or white.

Compatible Fixtures	Ordering Codes
Tunable CCT, High Power Indoor	SL-ID-CCT-HP-XX-A8
Tunable CCT, Low Power Indoor	SL-ID-CCT-LP-XX-A8
Low Power Indoor (3000K)	SL-OD-CCT-HP-20-B8

Specifications	
Working Voltage	3V (AAA * 2PCS)
Standby Power Consumption	6 Microamperes
Transmitting Power	6dBm
RF	2.4GHz
Control Distance	30 m
Modulation Method	GFSK
Operating Temperature	-10 to 40°C
Approvals	RoHS
